

Tip Sheet #2

How to Accrue to CANVAS

Tips for Finding **Eligible** Patients

- ✓ **Partner with a hematologist** at your site and include as sub-investigator on study
- ✓ **Present study to medical oncologists** in all disease groups to increase study awareness
- ✓ **Post CANVAS flyers** in workrooms and clinician areas reminding them to be on the lookout for cancer patients who get blood clots
- ✓ **Run weekly reports** that query your site's electronic medical record for new blood clot diagnoses (in patients with cancer) using ICD codes
- ✓ **Send recurring emails** (weekly or monthly) to all study staff/investigators at your site to keep this study on everyone's radar and keep momentum going

How to Register a **CANVAS** Participant

- ✓ Obtain a signed **informed consent form** from the participant and administer the **Baseline Study Questionnaire**
- ✓ Register the participant by submitting the **Eligibility Checklist/Enrollment Form** at <https://redcap.partners.org/redcap/>
- ✓ Send patient home with 6-months' worth of **Medication Diaries**

If you have questions about this process, please contact CANVAS_coordinator@dfci.harvard.edu.
