 - Genomic Medicine Laboratory (CAP accreditation ~ Sept '16)
 - Molecular Tumor Board
 - Biorepository

UIC P20 –Pilot Research Project Core

(PI Kent Hoskins MD)

- Aim 1. Develop a team of investigators to create a technology-based, culturally informed educational intervention for AA women with increased BC risk.
- Aim 2. Create a culturally tailored educational intervention delivered on a mobile device platform designed to improve uptake of genetic counseling among underserved AA women with increased BC.
- Aim 3. Conduct a pilot study to demonstrate the feasibility of incorporating the educational intervention with IRA in an FQHC on the south side of Chicago.

Roswell Park Cancer Institute

Disparities Updates

- Outreach/Community Engagement - 2015
