SOCRA/ACRP & Nursing Credit Procedure Updates May 2018

Attention Alliance members seeking Continuing Education Credit (SOCRA/ACRP and/or ONA Nursing):

The Alliance has recently changed the procedure for obtaining Continuing Education (CE) credit from sessions at the Alliance Group Meetings. In the past, Alliance members were required to scan into all sessions for Continuing Education credit to receive attendance and credit. The Alliance no longer requires members to scan into sessions to mark attendance.

In order to mark your attendance and receive credit for SOCRA/ACRP and Nursing (ONA) sessions, you must fill out the Post Group Meeting Feedback Survey, which will be emailed to you by the Meetings and Operations Coordinator shortly after the Group Meeting concludes. Within this survey there will be questions regarding the specific type of credit you're interested in receiving. You must fill out **all questions** regarding each type of credit you would like to receive credit for to receive a **SOCRA and/or Nursing (ONA) credit certificate**. These certificates will be sent out shortly after individuals have completed the survey. The Alliance does not provide ACRP credit certificates, however individuals interested in receiving ACRP credit may submit a SOCRA credit certificate to ACRP for credit.

For more detailed information on the CE credit procedure, log in to the Alliance website and check out the new Continuing Education (CE) section here: http://bit.ly/2vRE52Y
