

## **SOCRA and Nursing Credit Procedure Updates November 2017**

Attention Alliance members seeking Continuing Education Credit (SOCRA and/or ONA Nursing):

**The Alliance has recently changed the procedure for obtaining Continuing Education (CE) credit from sessions at the Alliance Group Meetings.** In the past, Alliance members were required to scan into sessions for SOCRA credit to receive attendance and credit. The Alliance no longer requires members to scan into SOCRA credit sessions to mark attendance, however individuals interested in receiving ONA Nursing credit must still scan into sessions for credit.

Going forward the full CE credit procedure will be as follows:

### **During & After the Group Meeting:**

**SOCRA:** In order to mark your attendance and receive **credit for SOCRA sessions**, you must fill out the Post Group Meeting Feedback Survey, which will be emailed to you by the Meetings and Operations Coordinator shortly after the Group Meeting concludes. Within this survey there will be questions regarding SOCRA credit. You must fill out all questions regarding SOCRA credit sessions to receive a SOCRA credit certificate. These certificates will be sent out shortly after individuals have completed the survey.

**Participants will be given 30 days** after the survey is sent to complete the Post Group Meeting feedback survey for SOCRA credit.

**ONA (Nursing):** In order to mark your attendance and receive **credit for ONA (Nursing) sessions**, individuals must scan into each session that offers ONA (Nursing) with the scanners provided at the entrance of the room where the session is located. This will mark attendance for the session. After the Group Meeting, you must fill out the Post Group Meeting Feedback Survey, which will be emailed to you by the Meetings and Operations Coordinator shortly after the Group Meeting concludes. Within this survey, there will be detailed questions regarding ONA (Nursing) credit sessions. You must answer all questions within these sections to receive a certificate for these ONA (Nursing) credit sessions. These certificates will be sent out shortly after individuals have completed the survey. **Participants will be given 30 days** after the survey is sent to complete the Post Group Meeting feedback survey for ONA (Nursing).

For more detailed information on the CE credit procedure, log in to the Alliance website and check out the new Continuing Education (CE) section here: <http://bit.ly/2vRE52Y>  
The Alliance does not offer certificates for A-CRP credit at this time. Sorry for the inconvenience.

<b>Session Name</b>	<b>Date</b>	<b>Time</b>	<b>ONA</b>	<b>SOCRA</b>	<b>A-CRP</b>
